POLYTECHNIQUE

Director: Denis Villeneuve

On December 6, 1989, a lone gunman walked into a classroom at the École Polytechnique of Montréal with a rifle, and began a shooting massacre. This 2009 film recounts the events through the perspectives of three people: the gunman, a female mechanical engineering student, and a male engineering student. After the screening, we invite you to stay for a discussion on the role of women in higher education in North America.
